Chapter 17 Actions

Communication: Review – Assess - Plan (R.A.P.)

It's time to review your past and current performance, assess what needs to change and plan specific steps that will forge a new path into a better future.

- How good are your present communication structures? How well do they support those with whom you need to work closely?

- Where and when have communications become strained or even completely blocked? Have you learned lessons and updated systems and practices in response?

- Are all on your team fully aware of what they are expected to communicate, to whom and on what schedule?

- Within your contacts, who do think most needs to read this post? Will you communicate it with them today?

- What **one thing** will you, a) commit to and b) schedule right now so that you get yourself in motion?
